📍 Living in Munich

Employment History

04.2020 – 03.2024

Rechts der Isar Hospital of the Technical University of Munich.

AI Researcher & IT

Leading and executing advanced research in Artificial Intelligence(AI) plus ECG, focusing on feature-based machine learning, computer vision, signal processing, **deep learning, self-supervised learning, active learning**. Responsible for constructing and sustaining robust hardware infrastructure while addressing IT issues, developing an efficient data pipeline, and crafting prototype demos for telemedical software applications.

03.2019 – 03.2020

Building Radar GmbH.

Machine Learning Engineer.

Designing and developing advanced machine/deep learning algorithms for **Natural Language Processing (NLP)** challenges. Deploying cloud-based Machine Learning services, ensuring seamless integration. Executing a broad spectrum of **Data Engineering** tasks: data wrangling, cleaning, preprocessing, database maintenance, data analysis, error analysis, and data augmentation. Developing **web crawlers** for efficient data collection and analysis.

12.2017 – 06.2018

BMW AG.

Algorithm Developer (Master Student).

Topic: Commonality optimization in the field of Crashworthiness Goal: Find the best configuration that is economical and safe. Method: **Genetic algorithm** and **Monte Carlo Tree Search** (same as Alpha-GO)

07.2017 – 11.2017

peopleForecast GmbH.

Data Scientist (Working Student).

Analyzing datasets of millions of records primarily using **R** and Excel. Employing machine learning techniques for data analysis. Developing a crawler integrated with **MongoDB** using Python.

02.2014 – 03.2014

Hangwan Techology Ltd.

Math working student.

Participated in the air cleaner team, utilizing **C language** to compute the optimal length of the dust absorption board.

Education

04.2020 – Now

Ph.D., Technische Universität München(TUM) Department of Signal processing.

Thesis in processing: *Application of artificial intelligence in the field of ECG analysis.*

Supervisor: Prof. Utschick Wolfgang.

Education (continued)

- 10.2015 – 10.2018  **M.Sc. Applied Mathematics in Operations research, TUM** Department of Mathematics.
Thesis title: *Commonality Optimization in the Field of Chrashworthiness..*
Key courses: mathematic optimization and algorithm design (inklu. nonlinear optimization, discrete optimization, game theory); data science (incl. machine learning, data mining); computer science; artificial intelligence
- 10.2011 – 09.2015  **Bachelor of Information and Computational Science, Beihang University** Department of Mathematics
Thesis title: *Optimizing Hyper-Spherical Packing within Hyper-Rectangular Spaces: A Comprehensive Methodological Approach.*
Key courses: advanced mathematics; mathematic optimisation; data science; computer science; system science and control theory.

Research Publications

Journal Articles

- 1 C. Zou, A. Müller, U. Wolfgang, *et al.*, “Heartbeat classification by random forest with a novel context feature: A segment label,” *IEEE Journal of Translational Engineering in Health and Medicine*, vol. 10, pp. 1–8, 2022.  DOI: 10.1109/JTEHM.2022.3202749.

Conference Proceedings

- 1 C. Zou, A. Muller, E. Martens, *et al.*, “Self-supervised learning for atrial fibrillation detection with ecg using cnntransformer,” in *2023 IEEE International Conference on Bioinformatics and Biomedicine (BIBM)*, Los Alamitos, CA, USA: IEEE Computer Society, Dec. 2023, pp. 807–812.  DOI: 10.1109/BIBM58861.2023.10385550.

T. Fletcher, S. Speidel, and S. Li, Eds., Cham: Springer Nature Switzerland, 2022, pp. 647–657, ISBN: 978-3-031-16443-9.

Skills

- | | |
|-----------|--|
| Languages |  Chinese (Mother Tongue), Very good English(IETLS 6.5), Good German (DSH-2) |
| Coding |  Python, MATLAB, C, C#, C++, Java, PHP, R, SQL, XML/XSL, L ^A T _E X, ... |
| Databases |  MySQL, SQLite, MongoDB, Redis, Hadoop |
| Web Dev |  HTML, CSS, JavaScript, React |
| Misc. |  Linux, MS office, PowerBI(Bussiness Analysis), L ^A T _E X, teaching |

Miscellaneous Experience

Awards and Achievements

- 2020  **Silver Employee**, Authorized by: Building Radar GmbH. Award to the best Employee of the season.
- 2018  **MAKE prize**, Authorized by: Siemens Healthineers, UnternehmenTUM. Award to the team build the best start-up business prototype in a tech challenge event.
- 2017  **Techfest Runner-up**, Authorized by: Siemens, UnternehmenTUM. Award to the team build the second best APP prototype in a tech challenge.
- 2015  **Outstanding graduate**, Authorized by: Beihang University.

Certification

- 2016  **Certified Vice-chief**. Awarded by Chinese student and scholar association in Munich(CSSAM) for organising events and serving the students.
